Note to the MRND and the CDR

EM

- AMASASU wishes to express its support and request yours if the RPF were to attack again. You must find a strategy to support us; especially in the operation to eliminate RPF accomplices who are working here on the inside, otherwise the war will never end.
- You must work hard to counter the sneaky manipulations of certain bitter opposition leaders. AMASASU is not against the opposition, but it is against its betrayals.
- AMASASU membership is increasing satisfactorily, but we ask you to use your personal acquaintances to spread even further the final message we have addressed you.
- We are with you and against the usurpers.

For the AMASASU Supreme Council

Commander Tango Mike
