FRONT PATRIOTIQUE RWANDAIS RWANDESE PATRIOTIC FRONT

Rwandese Patriotic Front
3, av. de l'Observatoire, Box 8
1180, Brussels, Belgium

Byumba, January, 14th 1994

The Rwandese Patriotic Front has the honour to convey greetings to all its members residing in Rwanda and overseas. It thanks all of those who contribute money, ideas and manual work to make it going. The RPF Executive members want to re-assure its supporters and sympathizers that plans to oust Habyarimana and his hutu-clique from power and Rwanda are running smoothly but cautiously. The intensification of the security of Habyarimana did not change the plans neither deterred the members and supporters. We examine with ours advisers how to destroy his aircraft. RPF troupes in Kigali report that most of the indigenous rwandese hutu, are directly and indirectly supporting the Habyarimana-tyranny. The Hutu who lived overseas, especially in North America, conduct now activities to stop our plan. You are urged to initiate some actions agains them and to transmit us theirs names and those of theirs members families.

We received from Kigali the other Hutu opposed to our plan. We need to know exactly their ethnic group, the number of their families and where they reside. It is urgent because our plan will be accomplished in a few days.
